MEMORANDUM FOR: Director of Basic and Geographic Intelligence

SUBJECT: Release of ADP (Automap) Basic Files to [REDACTED]

25X1X7

REFERENCES:

- (a) Letter from [REDACTED] 120/99, dated 26 July 1967 to [REDACTED] CIA 25X1X7 25X1A9a
(b) Letter from [REDACTED] CIA, dated 2 August 1967 to [REDACTED] 25X1A9a 25X1X7

1. The basic files (approximately six tapes and related documentation) of Automap are held by OCS for OBGI and are released with our approval. Therefore, OCS is not involved in the decision.

2. The files provide computer input for projections, coastlines, boundaries, city locations, range rings, azimuths, flight paths, etc. The plotting programs are modular in nature and permit a wide variety of options.

3. To provide duplicates of these materials, would involve only limited man-hours and cost. Usually, it is customary for the requester to provide blank tapes, however, if this would prove impractical I suggest we could "gift-tape" the request.

4. Supported by the clearance we already have to supply NGS with similar materials, I recommend we approve the [REDACTED] request if it materializes. There is a remote chance we might profit from future work (tapes) that [REDACTED] might produce. The only additional consideration that should be given to the decision is that involving any Directorate policy vis-a-vis [REDACTED].
